RE: Comment on Docket ID no. EPA-HQ-SFUND-1999-0010; FRL-9988-92-Region 8, National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Partial Deletion of the Vasquez Boulevard and I-70 Superfund Site, Proposed Rule; notice of intent - REQUEST TO EXTEND PUBLIC COMMENT PERIOD AN ADDITIONAL 30 DAYS.

Hello Jessie:

I am submitting this comment on behalf of Denver City Councilmember At-Large Deborah "Debbie" Ortega, who respectfully requests that EPA extend the public comment period on this proposed rule for an additional 30 days. This is to enable the public intending to comment to better understand the proposed action and its basis and to formulate appropriate comments in response, particularly given the length of time and complexities involved in the response actions at Operable Unit 1.

Thank you for the agency's consideration of this request,

Jack Paterson
